

RESCUE & SAFETY SUPPLY COMPANY

Located in central Saskatchewan, this long established Rescue & Safety Supply Company is a trusted partner for fire departments, municipalities, and industrial safety teams across Western Canada.

The company has a unique integrated model - equipment sales, service, training and standby rescue. This integrated model ensures clients get the tools, knowledge and support they need when seconds count. These diversified offerings also allows for the generation of consistent revenues through multiple channels, ensuring financial stability and long-term growth.

The company's facility has dedicated spaces for hands-on training, equipment maintenance, and vehicle upfitting.

With increasing demand for emergency response services, the company is well-positioned for expansion through geographic growth, advanced training programs, strategic partnerships and investment in emerging rescue technologies.
