Business Transition Specialists

## AUTOMOTIVE REPAIR SHOP FOR SALE

This well-established automotive repair shop in Saskatoon, which specializes in transmission repair, offers a rare opportunity to acquire a highly reputable and profitable automotive service business. With decades of experience and limited competition in transmission rebuilds, the shop has built a loyal customer base, reflecting its trusted expertise and reliable workmanship.

The shop services a wide range of vehicles and is known as a go-to destination for transmission diagnostics, rebuilds, and replacements - work that many general repair shops are not equipped to perform. The shop allows for three vehicles to be serviced simultaneously.

This opportunity is ideal for a buyer seeking a turnkey operation with all equipment and tools included, an established location and strong reputation. With expansion into general automotive repair while maintaining the niche service in transmission repair, and strong market demand, this business represents a compelling acquisition with room for growth.
